Christmas 2010 – Advent Calendars

news release

Sweet Temptations is launching a new version of the popular Advent Calendar for Christmas 2010. As well as the usual range of traditional and desktop size advent calendars available in 'off the shelf' designs or fully bespoke versions, Sweet Temptations has developed a brand new desktop 12 day countdown to Christmas advent calendar, designed to meet the demand for those last minute panic orders. Measuring 138 x 111 x 13mm this is a neat and compact advent calendar option with 12 windows filled with high quality chocolate.

As always all our advent calendars will be available in a Fairtrade chocolate option and will be made with high quality board to ensure a robust and first class finish.

Bespoke designs for the full range of advent calendars can be as traditional, humorous or contemporary as required to suit any corporate or brand image. For those who do not wish to go to these lengths we have a wide selection of designs available suitable for personalising with just a logo and Christmas message.
